EDUCATION

Bachelor of Engineering , Sathyabama Institute of science and Technology, Chennai			
Computer Science and Engineering (Artificial Intelligence)	C G P A	: 9.2	2021 - 2025
Class XII , Tirumala Junior College, Rajahmundry	Percentage	: 98.2 %	2019 - 2021
Class X , Akshara High School, Jangareddygudem	G P A	: 10	2018 - 2019

EXPERIENCE

Intern – Data Science & Analytics ([Link](#)) HCL Tech | 02/2024 - 05/2024

Churn Sense - Customer Churn Analysis in Telecom Sector

- Developed a ML model using Random Forest to predict customer churn based on telecom usage and billing patterns.
- Improved **recall** from 62 % to **97 %** and **accuracy** from 84 % to **94 %** by applying resampling techniques, significantly boosting minority class detection and overall model performance.
- Built interactive Power BI dashboards for segment-level churn insights, revenue impact, and retention details visualization.
- Reduced projected churn rate by **~9 % (1,140 + customers)** using Power BI-driven segmentation and service-based retention offers, focused on contract type, feature bundling, and regional targeting.
- Tools & Libraries** : Python, Pandas, Scikit-Learn, Microsoft SQL Server, Excel, Power BI, Jupyter Notebook.

PROJECTS

Credit Card Fraud Detection System ([Link](#))

- Developed a Credit Card Fraud Detection System using Logistic Regression, Decision Tree, and Random Forest classifiers.
- Achieved 100% recall after applying SMOTE based oversampling to address class imbalance and enhance fraud detection.
- Deployed using Flask with a user-friendly interface for real-time prediction and model overview, and hosted on Render.
- Tools & Libraries** : Python, Scikit-Learn, Pandas, Matplotlib, SMOTE, Flask, Jupyter Notebook, VS Code, Render Cloud.

Converse Learn - AI Powered Platform for Communication Skills ([Link](#))

- Developed an AI-based communication tool with text, voice, and visual modes for real-time language practice.
- Integrated Google Gemini AI, grammar analysis, adaptive quizzes, and performance tracking with dynamic feedback.
- Deployed using Streamlit and hosted on Render Cloud with a responsive UI and progress visualization features.
- Tools & Libraries** : Python, Streamlit, Google Gemini AI, API, gTTS, SpeechRecognition, Pandas, Matplotlib, VS Code.

SKILLS

Languages	: Python, Java, SQL
Libraries & Tools	: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, Power BI, MS Excel, GitHub
Technologies	: Machine Learning, NLP, Apache Py Spark, Web Scraping
Cloud & Frameworks	: AWS (S3, Athena, QuickSight), Flask, Django

PUBLICATIONS & CONFERENCES

- Published research paper titled as " Converse Learn : A Multimodal AI Educational Assistant for Dynamic Learning and Practicing the Communication skills and Real-Time Support " in **IOSR Journal of Computer Engineering**, 2025.
- Presented paper at the "International Conference on Advances in Science, Engineering and Technology (**ICASET**) 2025".

POSITION & RESPONSIBILITIES

- Xavista Student Club**: Organized coding events and hackathons, managing teams while improving technical and people management skills.

CERTIFICATIONS

Artificial Intelligence and ML	- IIT Bhubaneswar (Teachnook)
Career Essentials in Data Analysis	- Microsoft and LinkedIn
Applied Data Science with Python - Level 2	- I B M
AWS Cloud Practitioner Essentials	- A W S
